1 Einleitung

1.1 Einschränkungen

1.1.1 PC

$(\uparrow \text{SUBJ KNG}) = (\uparrow \text{KNG})$

$(\uparrow \text{SUBJ}) = ((\text{ADJ} \uparrow) \text{GF})$

$(\text{SUBJ XADJ}) \in (\uparrow \text{S})$

$\text{XADJ (KNG)} = \text{SUBJ XADJ (KNG)}$

1.1.2 PC (objektabhängig

1.1.3 Abl. abs.

$\text{XADJ (KNG)} = \text{SUBJ XADJ (KNG)} = \text{abl}$

$\neg (\uparrow \text{SUBJ}) = ((\text{ADJ} \uparrow) \text{GF})$

d.h. Subjekt des Abl. abs. darf eigentlich keine Rolle im übergeordneten Satz spielen;

nur bei AcI geht das

$(\uparrow \text{REL TENSE (ADJ)}) \neq \text{future}$

$\neg (\downarrow \text{PRED}) = (\uparrow \text{GF PRED})$

1.1.4 AcP

$(\uparrow \text{XCOMP}) = \downarrow$

$(\downarrow \text{SUBJ CASE}) = \text{acc}$

$(\downarrow \text{CASE}) = \text{acc}$

$(\uparrow \text{XCOMP SUBJ}) = (\uparrow \text{OBJ})$

$(\uparrow \text{XCOMP MOOD}) = \text{part}$

$\neg (\uparrow \text{XCOMP REL TENSE}) = \text{future}$

$\text{VERB TYPE} = \text{verb of perception} \mid \text{'facere'} \mid \text{'inducere'}$

10 Die Textstelle Sen. *epist.* 72.7-8 und deren Übersetzung

Dicam quomodo intellegas sanum: si se ipse contentus est, si confidit sibi, si scit omnia vota mortalium, omnia beneficia quae dantur petunturque, nullum in beata vita habere momentum. Nam cui aliquid accedere potest, id imperfectum est; cui aliquid abscedere potest, id inperpetuum
5 est: cuius perpetua futura laetitia est, is suo gaudeat. Omnia autem quibus vulgus inhiat ultro citroque fluunt: nihil dat fortuna mancipio. Sed haec quoque fortuita tunc delectant cum illa ratio temperavit ac miscuit: haec est quae etiam externa commendet, quorum avidis usus ingratus est. Solebat Attalus hac imagine uti: 'vidisti aliquando canem missa a
10 domino frustra panis aut carnis aperto ore captantem? quidquid exceperit protinus integrum devorat et semper ad spem venturi hiat. Idem evenit nobis: quidquid expectantibus fortuna proiecit, id sine ulla voluptate demittimus statim, ad rapinam alterius erecti et attoniti.' Hoc sapienti non evenit: plenus est; etiam si quid obvenit, secure excipit ac reponit; laetitia
15 fruitur maxima, continua, sua.¹
